

Anglopac Construction Group Pty Ltd

Environmental Policy

Anglopac Construction Group and Anglopac Environmental is in the business of civil construction and environmental restoration works. Anglopac is aware of the impacts that are a result of our activities which is why we are endeavouring to reduce our Ecological Footprint on the environments we work in. This Environmental Policy will outline our commitment to operating our business in a resource efficient, ecologically sensitive and financially sustainable way.

To reduce our impacts Anglopac are committed to the following

- Reduction in energy consumption and carbon emissions
- Reduction in water consumption and potable water use
- Increase the re-use, recovery and recycling of waste and salvageable materials
- Purchasing of low impact green office products and operational materials
- Complying to environmental legislation and codes of practice
- Fostering the commitment of staff, customers and stakeholders
- Assessment of our business environmental impacts and make positive targets to reduce those impacts
- Continually implement, monitor and review our initiatives for continuous change and improvement
