

# Company Policies and Objectives

It is the policy of our company to:

- ◆ Work with or clients, consultants, subcontractors and authorities;
- ◆ Comply with relevant State and Federal legal requirements including Environmental and OHS Legislation, Codes of Practice and Industry Guidelines.
- ◆ Provide continual training to our staff on the latest work practices and new legislation;
- ◆ Deliver our projects to clients on time and on budget;
- ◆ Provide evidence throughout that all work has been constructed in accordance with the contract specified requirements;
- ◆ Work in a safe and healthy manner;
- ◆ Ensure environmental integrity is maintained;
- ◆ Set, review and monitor targets and actions.

Our objectives are:

- ◆ increase our profit by reducing rework and waste
- ◆ have zero workplace incidents;
- ◆ maintain or improve the environmental integrity of the areas we work in;
- ◆ have zero environmental incidents, including pollution prevention;
- ◆ ensure our suppliers and subcontractors operate with the same objectives in mind;
- ◆ strive for continued improvement of service delivery through measurement of waste and rework;
- ◆ keep up with technology , training, plant and equipment changes
- ◆ provide the level of quality in the work carried out that is not less than that specified within the contract

We achieve this by having a suitably trained, competent and committed workforce who know and understand the company objectives and operations of our Management System.

The Management System is a risk management tool and meets the requirements of ISO 9001, ISO 14001 and AS/NZS 4801 as they relate to our business and our client project requirements.

John Angove  
Managing Director
